27	COLOREXA	Marta Toral	<a href="http://www.colorexa.com">www.colorexa.com</a>	<p>Quinoa has a superior nutritional profile compared to other grains. It is a complete protein, containing 8 essential amino acids, as recognized by the Food and Agriculture Organization (FAO) of the United Nations. Quinoa is high in Fiber, Iron, Calcium, and Magnesium. The FDA has classified quinoa as a "Super Food" due its low fat, low sodium, low glycemic index, and gluten free qualities. Quinoa has a delicate nutty flavor and is much less filling than most other grains and pastas. It is quick and easy to prepare (average 15 minutes of cooking), perfect for today's active lifestyle.</p> <p>Quinoa can be stored for years without spoiling and is considered to be a very valuable food source during long dry seasons. It is easy to see why Quinoa is the staple food for the people of Peru.</p>	FAIR CHOICE, BRC, HACCP, FSMA, SMETA 2P, GLUTEN FREE, KOSHER, ORGANIC EU, ORGANIC USDA-NOP, ORGANIC PERU
